

One Day "At Sea & In Water" in Ustica with **Mare Nostrum Diving**

The volcanic island of **Ustica** is the Italian's paradise of divers: it is the first Marine Protected Area established in Italy!

The underwater flora and fauna of Ustica together with its geological conformation present a uniqueness in the Mediterranean and in some aspects also tropical: diving in its depths or even simply snorkelling is a difficult experience to forget.

Its transparent waters allow both experienced divers and beginners as well snorkellers to live the beautiful emotions of the underwater experience and to enjoy its landscapes.
